EXPERIENCE

Clarity Partners — *Web Development Intern*

JUNE 2022 - AUGUST 2022 (paid)

From initial client meetings in the design process to building frontend components, I utilized skills in HTML, CSS, Javascript, PHP, Sketch, and Figma to bridge both the design and frontend implementation processes.

Gentrification and Social Mixing — *Research Assistant and Website Developer*

JANUARY 2022 - JUNE 2022 (paid)

In a self-directed and self-motivated environment, I paired my interest in social issues with my web design and development skills to visualize a dataset about the effects of gentrification on social mixing in Chicago.

Clubhouse — *Rotational Intern*

JUNE 2021 - SEPTEMBER 2021 (paid)

Was the first intern at Clubhouse, working across the discovery, engineering, and marketing teams to create user engagement/retention dashboards and demographic analysis in SQL, build and launch the [Creator Commons](#) website, and organize Clubhouse Original Programming.

Clubhouse — *Strategic Growth Consultant*

JUNE 2020 - SEPTEMBER 2020 (paid)

Designed onboarding experience, compiled and tagged data, as well as helped to create the first iteration of Clubhouse's user acquisition flywheel.

Coping with COVID-19 — *Research Assistant and Website Designer*

JUNE 2020 - SEPTEMBER 2020 (paid)

Provided input into survey design, helped write the codebook, and designed the website to make the data available to the public for a survey on how people are coping with COVID-19.

EDUCATION

University of Chicago (2019 - 2023)

B.A. Computer Science with a specialization in Human Computer Interaction

B.A. Media Arts and Design with a specialization in Creative Computing
